NATURAL BUNCH HAIR CARE

For Kids.....

MEET THE MOMMY FOUNDER

Founder of Natural Bunch Kids, Betty, is a wife and mompreneur who's passion to empower children through hair care shines bright in her community and world.

As the owner of The Brainy Bunch Daycare in Brooklyn, New York, the child care center has served as a vital resource in the predominately African-American and Hispanic, low-income community it serves, a community stricken by violence, and lack of resources since 2003

Inspired to empower her own children to love their hair in its natural state, Betty founded Natural Bunch Kids as a catalyst to teach children around the world to love their hair, their bunch, their way.
